

Vintage Coffee And Beverages Ltd - A BSE listed popular instant coffee manufacturer, has bagged orders from Russia and CIS countries. This will enable Vintage Coffee to leverage its position in ever growing consumption of coffee market.

Key Highlights

- **Vintage Coffee And Beverages Ltd (BSE: 538920)** has bagged orders to the tune of Rs 21 crore orders for its Instant Coffee exports to Russia and CIS countries.
- The total order book position of Vintage Coffee And Beverages Ltd for Instant Coffee today stands at Rs 61 crore.
- The company is also in talks with European and West African countries for supply of coffee in consumer packs.

Hyderabad, November 7, 2022: The instant coffee manufacturer Vintage Coffee And Beverages Ltd is pleased to announce that it has bagged orders worth Rs 21 crore to export Instant Coffee to Russia and other CIS countries. These new orders will improve the order book position to Rs 61 crore.

"We are happy to announce that we have bagged export orders worth Rs 21 crore to Russia and other CIS countries. This would not only boost our order book position to Rs 61 crore but also help us to leverage our position in the fast-growing instant coffee market," according to Mr Balakrishna Tati, Managing Director, Vintage Coffee And Beverages Ltd.

The other group companies of Vintage Coffee And Beverages Ltd are in advance stage of finalisation of orders with European and West African customers for supply of consumer packs which may improve the turnover further significantly.

Since coffee consumption in India is increasingly growing post pandemic and the younger generation is more inclined towards coffee usage, the company along with its group companies are keen to launch coffee products in Soluble, Roast, and Ground forms. This is expected to improve the company's outlook both on domestic on international front.

Mr Balakrishna Tati has over 29 years of experience in the Coffee Industry. He fully understands the consumer needs, especially in retaining aroma and taste. He has incorporated these elements in the company which has the state-of-the-art equipment such as Probat Group Roaster, 100% automated extraction system and enhanced aroma recovery system to ensure mass customization.
