Capacity V.S Utilization

*Figures are rounded to nearest number for ease of reporting. & Annual Maintenance activities carried out during the Q1FY26 hence the Production Capacity was low.

Market Strategy

Market Strategy

● Current Market

South East Asia,
Russia & CIS,
Europe, Africa, etc.

● New Market

USA, New Zealand
& Australia

Entered Russia & CIS countries within a span of 12 months and build strong customer base.

Added African markets for premium range products and South East Asia for powder coffee which helped in **increasing the margins**.

Expanded to European & Central America markets which has highest per capita coffee consumption

Planning aggressively to explore:

USA (#1 consumer market)

New Zealand

Australia

CSR & GO-Green Initiatives

- Actively supports local endeavors such as school and temple support, water for drinking and farming, and providing employment opportunities.
- Operates a large ETP plant with zero liquid discharge, utilizing treated water for gardens and other utilities.
- Implements rainwater harvesting techniques to replenish groundwater.
- Uses LPG gas in roaster for clean burning instead of wood firing.
- Spent coffee is used as a boiler fuel to save conventional fuel.
- Utilizes rice husk (instead of coal) as bio-fuel for boilers.
- Actively exploring solar power for its operations.
